Minipiscina AQUA

water sensations®

Aqua Spa

Minipiscina Aqua

Overflow Spas are not only for commercial use, but also for private use, giving you full comfort, because of the continuous water level. For all hotels and public use the overflow should be mandatory as standard.

The 3 m round overflow spa is a popular spa for commercial use in hotels –center parks– etc. With its two level of seating, this spa gives you all the comfort you need to enjoy your stay in the hotel.

AQUAGUARD®

**NORD
COMPOSITES**

Minipiscinele dotate cu sistem perimetral de control al nivelului sunt destinate atat pentru uz comercial cat si pentru uz personal oferind confort deplin datorita nivelului constant al apei. Pentru hoteluri si in general pentru uz public tipul de minipiscina cu control automat al nivelului ar trebui sa fie de la sine inteles.

Minipiscina rotunda cu diametrul de 3 m si sistem perimetral de control al nivelului este un model agreat pentru uzul comercial in hoteluri, centre spa - etc. Cu cele doua nivele de sezut aceasta minipiscina iti ofera tot confortul necesar pentru a-ti face sederea in hotel cat mai placuta.

Minipiscina Aqua este realizata dupa metoda de constructie Aquaguard / Nord Composites

Introducem o noua gama de efecte . . .

Gama Shimmer Finish

Gelcoatul de suprafata Shimmer Finish este ultima completare adusa seriilor de piscine si minipiscine Fibrex Co.

Acesta asigura o suprafata decorativa iar reflexiile insufla viata piscinei.

Ca si in cazul celorlaltor gelcoaturi folosite de Fibrex Co, acesta confera

cea mai inalta performanta in rezistenta

pentru a asigura pastrarea aspectului piscinei pe

parcursul a multor ani.

Aquaguard . . . Tehnologie dovedita de-a lungul timpului.

Introducing a new range of effects . . .

Shimmer Finish range

The Shimmer Finish Gelcoats are the the latest addition to the Fibrex Co Pool and Spa series.

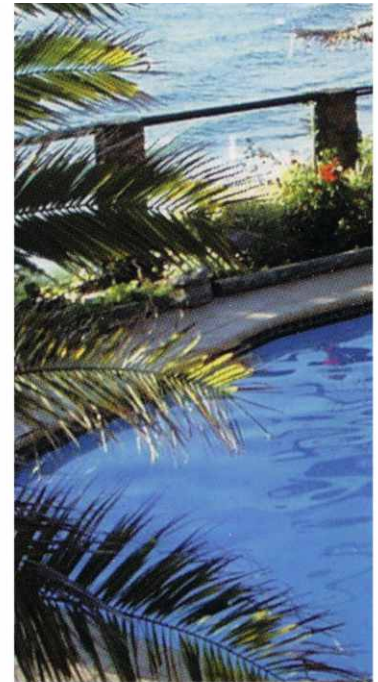

They provide a highly decorative and reflective surface to bring your pool alive.

Like all the Fibrex Co pool gelcoats they provide the

ultimate protective performance to ensure that your

pool retains its appearance over many years.

NORD COMPOSITES

Swimming pool and spa new construction method

The new Aquaguard Lustre Light Gelcoat pool range is the result of continuous research and development programmes in order to improve pool gelcoats even further.

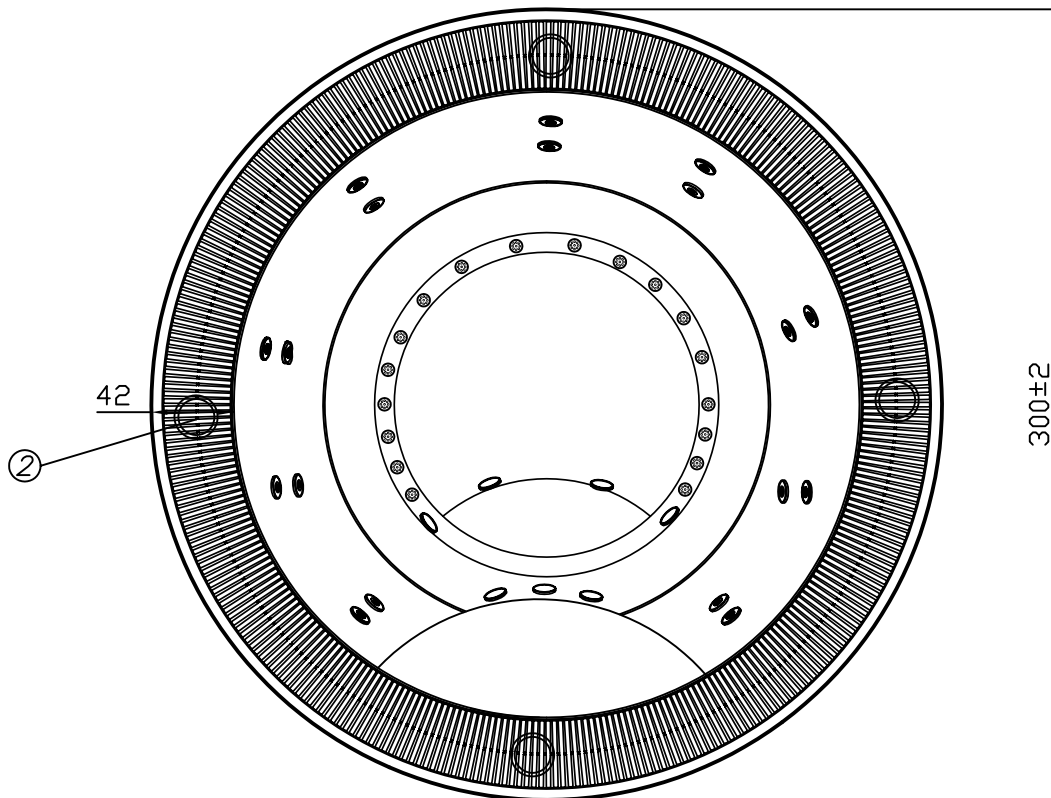

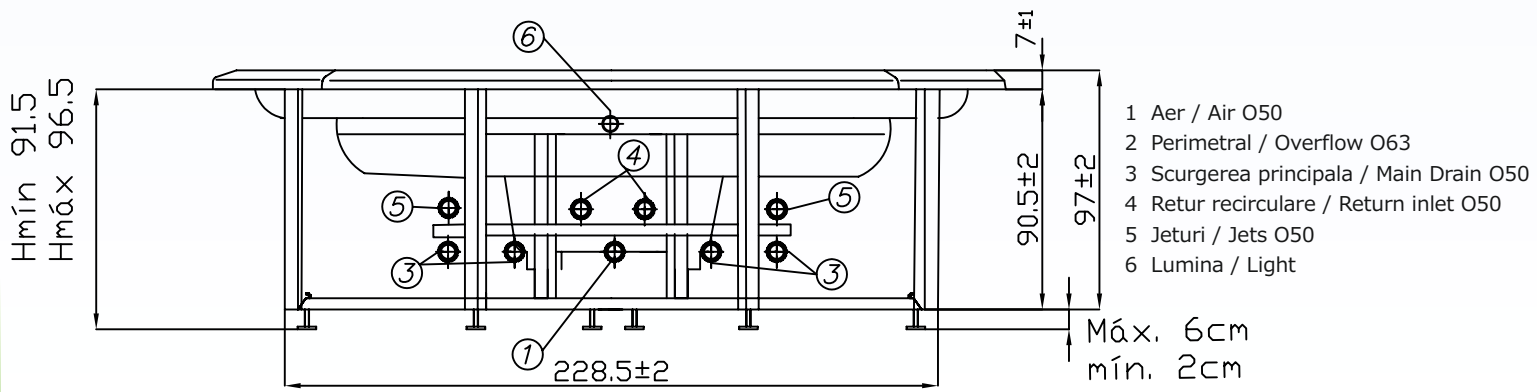

These high quality gelcoats when combined with NORD epoxy vinyl ester, NORD resin / glass laminate followed by a Nord flowcoat are the best materials available for pool and spa construction.

Noua metoda de constructie a piscinelor si a minipiscinelor

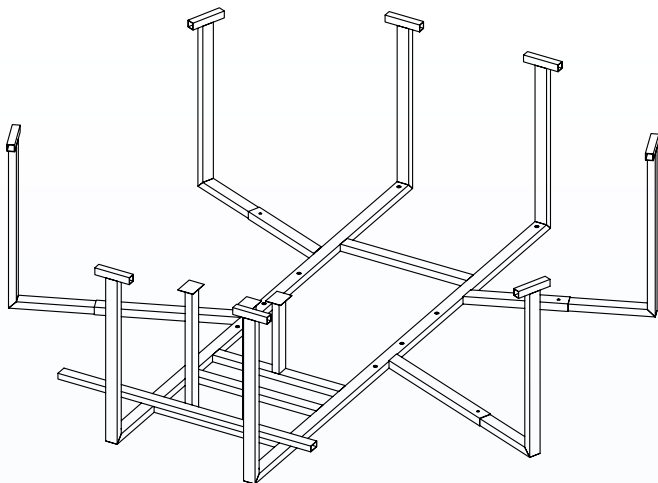

Noua gama de gelcoaturi Aquaguard Lustre Light este rezultatul studiilor neintrerupte si al programelor de dezvoltare cu scopul de a imbunatati si mai mult gelcoaturile pentru piscine.

Aceste gelcoaturi de cea mai inalta calitate, folosite in combinatie cu vinilurile esterice NORD, rasinile poliesterice ramforsate cu fibra de sticla NORD si stratul de suprafata NORD, sunt cele mai bune materiale pentru constructia piscinelor si minipiscinelor.
